Call To Action !

2015 Legislation Introduced

- January 2015 New “Universal” style background check information has been introduced into the Vermont state senate by Senator Campbell. This is similar to Washington States new I-594 legislation. This is the real deal folks.
- Senator Rodgers and Senator Mullin are “good” guys on our side of this issue. We ask you call the Sgt. At Arms and leave a polite messenger to them. Ask them to inform the rest of the senate that Vermont does not need and does not want this.
- Call and write your senators and speak with them about this issue.
- Vermont is THE safest state in the nation ! Lets keep it that way! Sound Off! Be Heard!
- H90 H91 H92 Bills Introduced In the House Would Allow For Local Firearm, Hunting, Trapping, Fishing Laws.
